

When John McPhee met Bill Bradley, both were at the beginning of their careers. A Sense of Where You Are, McPhees first book, is about Bradley when he was the best basketball player Princeton had ever seen. McPhee delineates for the reader the training and techniques that made Bradley the extraordinary athlete he was, and this part of the book is a blueprint of superlative basketball. But athletic prowess alone would not explain Bradleys magnetism, which is in the quality of the man himself-his self-discipline, his rationality, and his sense of responsibility. Here is a portrait of Bradley as he was in college, before his time with the New York Knicks and his election to the U.S. Senate-a story that suggests the abundant beginnings of his professional careers in sport and politics.
