

This edition is the 51st in the series and incorporates a number of innovations, including new graphics and the use of a CD-ROM format for the statistical appendix. The title comprises statistical information pertaining to level of activity and inflation, investment and saving, employment and wages plus the impact of the international crisis on Latin America and the Caribbean. The survey has been published in a single volume consisting of three parts: overview of the regional economy; reports on the performance of the 20 countries of Latin America; and analysis of the economic situation in the English-speaking countries.
