

The industry of Khalishpur jute mill is producing different kinds of products that are required for Bangladesh and also for other foreign countries. But day by day it is facing some kinds of horrible problems that help to decrease the activity of jute industry. So everyday the jute industries loose a lot of tons goods. There are some problems of proper management, lack of raw materials, problems of transportation, internal conflict, some political problems and so on. As jute is called a Golden Fiber of Bangladesh we should make sure the proper use of jute in the jute mills. The authority should try to solve the problems of all jute mills.
