People everywhere have cracked up hysterically at the witty wonder of his one-man rebellion. His first "Big Book of Subversive Stickers" was an immediate hit and has sold out after a third and final printing, making it an in-demand collector's item. This all-new second volume of stickers once again makes these cult favorite slogans available to the general public in a collectible format. Use them, save them, give them away—they're so cheap you can buy multiple copies of the book and still be spending less than buying just a few stickers on their own. Srinu Kumar holds a degree in sociology from Stanford University and an MBA from the University of North Carolina at Chapel Hill. He lives in Los Angeles and is the founder of Metanotes.
